Dear Mr. Gunderson:

The purpose of this letter is to transmit for your review and approval the Final Status Survey Report for Building 371 Phase IV & V, Revision 1. The Rocky Flats Project Office has reviewed the Final Status Survey Report and has determined that Building 371 Phase IV & V can be released for demolition.

In addition, RFPO contracted with the Oak Ridge Institute for Science and Education (ORISE) to do an Independent Verification and Validation (IVV) of the Building 371 sub-basement and the basement area that is greater than 6 feet below final grade. The surveys accomplished during the ORISE IVV verified that the Building 371 basement and sub-basement meet the Decommissioning Operations Plan requirements of less than 100 nCi/g for surface measurements and less than 7 nCi/g averaged over the first 7 inches of the floors and walls. The formal report for the ORISE IVV will be transmitted to the Colorado Department of Public Health and Environment upon receipt by RFPO.

Your support to accomplish the closure and removal of Building 371 in a safe and timely manner is greatly appreciated. Please feel free to direct any questions to Warren Seyfert at (303) 966-5925.

Sincerely,

Thomas E. Legare
